

Safety actions taken by institute due to COVID-19

DBS Group has taken up at most precautionary measures to make the campus & hostel much safer for students & staff to minimise the probability of virus transmission.

- Single seating arrangement in classes have been made with reduced number of students per class, maintaining the norms of social distancing.
- Creating partitions in all double-rooms between students in the hostels.
- Staggering mess timings to avoid rush at counters and single seating on tables.
- Frequent sanitization of all common spaces, automated dispensers of sanitisers at all critical places.
- Thermal checking of all students twice daily.
- All cooking & mess staff are campus residents & scanned twice daily.
- All vegetables and groceries are used only after 1 day of preservation.
- All hostellers are covered under Mediclaim policy giving access to all top corporate hospitals to tackle all ailments.
- Fully equipped infirmary with nurse & visiting Doctor facility.
- 24hrs availability of vehicle for emergency hospitalization.
- Classes shall be run without air-conditioning and are well manageable due to good weather of Dehradun.
- Special committees of students and faculties to continuously improve and monitor facilities for better sanitisation.
- Increased content from professors of world's top universities blend of video lectures, research assignments, industry webinars, and project based learning. Reduce face-to-face lectures on tutorial mode to online mode.

Further the institute is committed to provide as much safety as a child may have at his home.

Students are as protected (if not better) in the guarded environment of Doon Business School Campus in the hostel by avoiding daily local travel than going to a local college.
